MINISTRY

Train - Encourage - Motivate - Network - Resource

Dear Children's Ministry Leader,

Thank you for your interest in hosting a Children's Ministry Training (CMT) for your community. We are excited about the possibility of partnering with you to bring relevant, effective, and inspirational children's ministry training to your staff as well as other children's ministry workers in your area.

INCM enables you to customize your regional training. We will provide three of the list of eight breakouts also attached in this email. All of your children's ministry team will be trained for one set fee.

Hosting a CMT requires a hard-working, promotion-minded team that believes in the value of training children's ministry workers. One of the key responsibilities of the Host Church is to aggressively promote the CMT in their church and community. Local promotion by the Host is vitally important to the success of the CMT.

Please, take a few minutes to carefully review the attached information as it will help you determine the resources, facilities, and commitment required to host a CMT. If you are interested in providing excellent training for your children's ministry staff and volunteers **AS WELL** as those from other churches in your area, then a CMT is for you! We look forward to partnering with you.

You may contact me, Robin Kluever at 800.324.4543 or email robin.kluever@incm.org, to discuss the details.

Please complete and return the "*Host Church Application*" as soon as possible to our office.

Thank you for your dedication to children's ministry.
